

Product Data Sheet
Atlaset Litho Magic Series
October 2006

Product Description

Litho Magic Series products were formulated to allow inks to exhibit a unique body and flow properties with a high viscosity allowing them not to break down on high speed presses and will maintain dot sharpness. Litho Magic will vastly improve transfer and litho performance on the highest speed presses in today's market.

Performance Characteristics

- Ø Very low dot gain.
- Ø Great transfer and color stability during long runs.
- Ø Excellent work and turn characteristics with high gloss.
- Ø Can be left on press for extended periods of time without skinning.
